

## Data Coördinator

We are looking for a data coordinator, who has an eye for detail, is pro-active and has experience with data processing. Do you like to verify received data, be a first contact person for internal and external clients and do you always want to get all the facts, right? Then we are looking for you!

### **Koninklijke Verkade N.V.**

Koninklijke Verkade Nederland is founded in 1886 in Zaandam. A local well-known Dutch quality company in an international environment. Koninklijke Verkade has the ambition to be the fastest growing snacking company, with the local brands Verkade and Sultana. Almost 300 ambitious and motivated employees are working daily with pleasure for strong market positions in the categories biscuits, in between snacks and chocolate. With this we meet the everyday needs of consumers and customers. Sustainability and efficiency are key pillars for us.

Koninklijke Verkade is since 2014 part of Yildiz Holding. Yildiz Holding, CEEMEA's largest food organization, brought its business in cake and chocolate together under the new global company: pladis ([www.pladisglobal.com](http://www.pladisglobal.com)). pladis is a global leader in biscuits and confectionery, with operations in 120 countries in Europe, Middle East, Africa, Asia and America. Under pladis are 36 plants in 13 countries with over 26,000 employees. With the pursuit of "we promise happiness to the world with every bite," the organization enriches consumers with products in sweet and savory biscuits, wafers, cake, chocolate, gum and candy.

The role of **data coordinator** (DC) is to analyse the input and integrity of the Master Data in the ERP System (JD Edwards). The DC ensures that the data is timely and accurate processed and that it meets the pladis Europe standards. This will be accomplished by applying robust processes, business rules and systems in a uniform manner which supports the standards and enables the network to operate in an integrated fashion. The data coordinator is member of the Regional Data Management Office for pladis Europe. In this role, you collect master data using workflow applications which you sense check and complete before uploading the data into our JDE application. This means you are the master data expert and first contact for stakeholders in pladis Europe. Next to this you will signal possible chances for harmonization and standardization.

### **Your most important responsibilities**

- Maintain JD Edwards master data.
- Create barcodes, material codes and customer/vendor numbers.
- Maintain cloud solution to publish product data towards retailers.
- Challenge delivered master data.
- Calculate cost prices for Copack activities.
- Calculate transfer prices to Pladis subsidiaries based on fixed rules.
- Resolve data related issues with internal customers.
- Comply with master data procedures.

## Who you are

You are highly organized, communicate information professionally and follow up in a clear and timely manner. You are happy to work independently and as part of a team. Setting up structural ways of working and always double check the data you will use, is your natural way of working. Colleagues will describe you as proactive, result driven and will say you always work by the book. You are eager to learn and dive into the details.

## Must haves
